

NORDIC

2021 - 22

Covid-19:

We still need to be mindful of the continuing effects of the pandemic and remain responsive and flexible to any change of circumstances. There are still no 'definites' about the ease and safety of travel and crossing borders over the forthcoming winter months.

We need to ensure all areas of contact (travel, accommodation, ski lifts, mountain restaurants, etc.) are as safe as reasonably possible; skiing across open mountains, forests and meadows is the easy bit!
